Subject: Information Request - Sac & Fox Truck Stop LUST Situation

Categories: EZ Record - Shared

All,

I am trying to put together the puzzle that is all of the parties involved with the leaking underground storage tank project at the truck stop. **Please help me fill in the blanks regarding who the players are, how they are linked to the project, their names, contact people, their roles, their addresses and their phone numbers.** Here is a list of names I have seen attached to the project and my guesses regarding their role:

Crawford Group – Role unknown. Who are they?

AMEC – Consultant to the Crawford Group?

Total Petroleum Services, LLC – Consultant to the tribe

Terranext – Consultant to Total Petroleum Services, LLC

Ace-Chub – Insurer for the truck stop; financial responsibility provider to address regulatory requirement

Antea Group – Consultant to Ace-Chub

MAC – Old tank installer

Xerxes – Possible tank manufacturer

Containment Solutions – Possible tank manufacturer

Feel free to delete, add to or correct the information above as you provide us with the **bolded** information requested above. Our assistance hinges on us understanding who the players are and how to contact them.

Thanks,
